Beary Good News!

by @[kiki.and.friends.usa](#)

February 12th.

Missy Brown was married to Sir Phillip Bearon in MinnieVille USA (photo top left).

Now they are expecting twin Cubs, that are due to arrive the first week of July. Dr. Copper believes there is one girl and one boy, based on recent sonogram photos.

Meanwhile, the Founder of MinnieVille, Princess Kiki, has eloped in a surprise

marriage to Prince Hylan of Furrornia. The Prince has transferred the Furrornia reign to his Brother, and plans to make MinnieVille his home. However, there have been reports that the new couple plan to travel as ambassadors of MinnieVille to other parts of the country for extended periods of time, bringing the plushie community photographs of adventurous places, and scheduling insta-meets with friends.

Kiki got a travel house on wheels as a wedding gift. We are going to be traveling around the US for several months and would love to meet up with followers along the way. This would be a great way to reach others.

We, at MinnieVille, are very pleased to share our stories. There will be an upcoming contest for the day and time of the Cubs arrival.

Exclusive: Interview with Miss Odette Ostrich

Dosstrich, Poshstrich, (doesn't give a) Tosstrich and our big sister - Bosstrich! We even have a saying about beak hygiene - "don't forget to flosstrich!"

1. You're a bit of a fashion icon. Can you tell us where you get your inspiration from?

Thank you, I'm very flattered! I've always admired classic styles such as those of Coco Chanel but my unique look began when the girl put a sock on my head as a hat and I've been absolutely mad about fashion ever since!

2. What's your go-to outfit?

I must say my fail safe choice is a sock hat, a big scarf, a tutu and always plenty of ribbons!

3. You come from a rather famous family. Can you tell us a bit about them?

There are several of us! At home I'm known as "Ostrich" and we all have names relating to ostriches. My sister Kate Mosstrich is a very successful model! There's also Gothstrich,

4. What can you see out of your window?

I'm lucky to live by a marina so I love watching the boats coming in!

5. What's the naughtiest thing you've ever done?

In Paris I stole a pen from the Mandarin Oriental Hotel. It started off when Nutez took one from the same hotel in Geneva and it got a bit out of hand and became a collection! When I did it, I felt really guilty afterwards!

6. Where would your ideal holiday be? And who would you go with?

I would absolutely love to visit South Sudan where many of my relatives live. Gilbert Rafferty (right) is my ideal travel companion as he is so sensible!

It's out of this world!

Here's a great poem for Cosmonauts' Day by: [@piggycoquette](#)

**Some time ago I had fantastic dream:
I and Khavronia will be the first space team!
The representation of the country's honour will be our goal.
We've never could imagine that! We won't refuse at all!
Well, I'm so excited and stocked up with the food.
Khavronya rushes, knocking everything off with her foot:
-Oh, what will we do in that gravitation?!
- Don't be afraid! We will decide according to the situation!
I said "Let's go!" My hooves are doing shakes:
In a few moments we'll get into outer space!
So pity that I've woken up and the story ended...
I hope we were expecting a happy ending!**

While back here on Earth...
