The Picnic

by: [@doyka_and_hedge](#)

“Another cup of tea?” Hope [@honeygrovebears](#) asked.

“Yes, please,” Topsy [@travelswithmycat](#) answered, smelling a fragrant aroma of fresh grass, wildflowers, and mint from the porcelain cup.

“Agent SpyBat accomplished provision delivery mission,” sounded somewhere on the left, and SpyBat [@spybatmissions](#) carefully put a basket filled with

freshly-baked bread and fruit on the ground.

“I’ll help,” Alma [@alma.o_o](#) said and began to carefully arrange ware on the blanket.

“Fluffy, are you sleeping?!” a suspicion crept into Papaya’s head while she was looking at her husband’s sunglasses and his smooth breathing.

Hello Everyone,

Happy June to you all!

We have got not one, not two, but three treats in store for you this issue: 3 whole brilliant stories for you to read by the top short-stories writers of the Plushie World. One by the finest plushie English-to-Russian translator herself, yes, that’s right, it’s [Doyka](#) SuperCow with a paw-draw beautiful illustration to go with it (we are in awe!). Another is a perfectly nonsensical story of idioms by [Chilly and Teddy](#) in the style of Edward Lear himself and finally, it’s the Master of the Dark and Stormy Night story, oh yes, [Snoopy](#) takes to the page with a lockdown tale.

Well, what more can I say, but “Happy Reading,”

Love,

Tipsy xxx

“Zzzzz,” Fluffy @[fluffys_fun_adventures](#) answered.

“What a wonderful catch we have today!” Hedge @[doyka_and_hedge](#) was excitedly looking at an old slipper, deflated ball, and a copper coin that he’d fished from the river.

“Well-well, you know how to enjoy small things in life,” more experienced Yeti @[misterfish511](#) smiled and took a sip from a can with “F” on it.

“A cherry cupcake!” Eddie @[eddiehedgehog](#) kept repeating every once in a while, admiring the coveted treasure in his paws to a peaceful snuffling of King Fluffy.

“Ah, it’s so good to spend time with friends like that,” Loris @[loris_the_monkey](#) said, throwing the ball to Cookie.

“Especially when there’re cookies!” Cookie @[cookiemreport](#) replied, shaking off crumbs from his lips.

“This is the life,” Doyka thought, feeling sun rays touching her pale skin.

“I know,” Jennie @[g_mum_rudy_jennie](#) thought in return.

Spring was in full bloom...

-A story told in idioms- by [@gasbricki](#)

Some of you already know our [#denglish](#) calendar.

Every Monday we open the new week with word-for-word translated German sayings.

Today we’re going to tell you a story straight from the horse’s mouth!

Life is no sugar licking (bunch of roses) and we are joke cookies, so now we have the salad. We’ll bring you on the palm before we make us out of the dust.

We enjoy our lives in full trains and nobody can reach us the water.

Holla the woodfairy, better the sparrow in the hand than the dove on the roof (a bird in the hand is worth two in the bush). Because something is always.

You only understand train station? Then you must bite in the sour apple or you will have a circle-running-break-together.

Now is end with funny, we shame us in ground and floor. So butter by the fishes, we say it through the flowers, you all are heavy in order and in our amazing community tap-dances the bear. Here goes the post off and one hand washes the other.

But if you set us under pressure, then with us is not good cherries eating. What too much is, is too much; that makes us foxdevilswild.

If already, then already, let us make clear ship (let’s get things shipshape). We hope you don’t break together, otherwise we sit quite beautifully in the ink.

Nothing for ungood, comes times comes wheel. Sponge over, now is shift in the shaft. The drop is sucked, we make us on the socks.

Out the mouse, we wish you what.

Chilli & Teddy

p.s. don’t take this too seriously © fun is what you make of it.

Now we have the salad - **The fat’s in the fire** - Nun haben wir den Salat
 Nobody can reach us the water - **No one can hold a candle to us** - Niemand kann uns das Wasser reichen
 With us is not good cherries eating - **It’s best not to tangle with us**- Mit uns ist nicht gut Kirschen essen
 Foxdevilswild - **Mad as hell** – Fuchsteufelswild
 Bite in the sour apple- **swallow the bitter pill** - in den sauren Apfel beißen
 We make us on the socks - take to one's heels- sich auf die Socken machen.

RANDOM MUSING (OR HOW A PLUSHIE TRIED TO STOP WORRYING AND LOVE THE DEADLINES)

by [@voyage_ofthe_beagle](#)

Dude, what's with the worried face?

Well Topsy has asked me to write an article for Pets' Mews but my mind is completely blank ! I have nothing !! Total writer's block !!!

Oooh, who's being a Plushie Drama Queen again ? Chillax, Topsy did give you some suggestions, didn't she ? Like you could write about ours or Human's favourite recipe?

Whahahahahahahahahahhahhhhh ooohhhh that is soooo funny, Human and cooking

Hehehehe, I knew that would cheer you up! Ok, so what about our home town Utrecht? The Lonely Planet Magazine has put Utrecht on the cover of their November 2019 issue. And there are even Starbucks mugs! We have better canals than Amsterdam because in Summer time you can actually sit at the water-side terraces of the many restaurants that are housed in the dock cellars of the canals. And who needs the Rijksmuseum when we have the Miffy Museum !! And there are so many big and colourful murals by contemporary and local artists brightning up our walls. We have a conviently small historic city centre. So save to say Utrecht is a city worthy of being mentioned in Pets' Mews!

But what's the point in promoting Utrecht if we are not allowed to travel ?? Besides we don't want to make Utrecht look too good and attractive. No need to attract all those crowds of tourists?

Yes, you might be right. Oh well, you could write about a cause you care about?

Good point, but there are so many good causes to write about, don't know which one to choose ?!

Dude, start small, you don't have to save the whole world ! Baby steps, just start in your own neighbourhood. You know with the Corona virus a lot of people have lost their jobs and are concerned about how to stay safe and make ends meet? Most cities have food banks that help out families in need with a box of food items. You could buy one or two items every time you go shopping for yourself and donate those items to

your local food bank. Or you could donate money. If you usually go out for dinner with friends you could donate some of the money you're saving now because restaurants are temporarily closed.

Or write about cleaning up your neighbourhood while going for your daily walk, picking up litter you see along the way and throw it away in the bins. So the little duckies don't choke?

Hmmm, you really think this is an interesting topic Snoop? Picking up trash isn't really backed by any famous celebrity ??

Dude, plushies don't need celebrities to show them how to do good! Seriously, you worry too much. How long is this article supposed to be anyway? Ooh, you need photos as well ?! And it was due yesterday?! Wooh Dude, you are soooo in trouble!!

Love,
The Plushie One & Human Pet (& the other 60+ Snoopys)
